PGDM- BIG DATA ANALYTICS

Summer Internship — 5 Months (Bengaluru - Onsite)

Empower — **Data Analytics (Marketing) Intern - Data Science & Machine Learning** — **Apr'26 – Aug'26**

Data Curation & Engineering	• Consolidated over **1.1 million** raw records across **3 disparate sources** (BrightScope, Empower's Book of Business & Form 5500 Filings) into a clean, model-ready population of **495,595 plans**, querying and joining **22 tables** via **SQL** on **Amazon Redshift (DBeaver)** and **SAS Viya**, applying a **9 Stage** data cleaning pipeline to resolve duplicate records and data inconsistencies. • Nearly doubled the model's predictive feature space, from **45 raw variables to 80 features**, through in-depth **Python**-based data analysis of financial parameters like **AUA** and **Plan Assets**, engineering **7 Ratio-based and 3 Interaction-based features**.
ML Model Development, Optimization & Analytics	• Delivered **98.3% Precision**, **59.5% Recall** and an **F1 Score of 74%** on held-out **Test**, **Out-of-Sample** data by engineering a **Class-Weighted Random Forest** classifier driven by key financial signals such as **Employer Contributions** and **Participant Contributions**, sustaining stable performance across real-time **Won & Lost Opportunity** data covering **43k Retirement Plans.** • Benchmarked **25 Machine Learning Model-Strategy combinations** (**5 ML Algorithms across 5 Class-Imbalance techniques**) and optimized the champion model via **RandomizedSearchCV**, calibrating its threshold to **26.61%** for maximum F1 Score.
Models Benchmarking	• Outperformed Empower's existing rule-based scoring approach by **more than 13 times**, as the champion **Random Forest** model's **top 50,000** ranked plans captured **95.34%** of actual PEP (Pooled Employer Plan) conversions versus just **7.30%** for Empower's existing rule-based method, proving significantly **more reliable prospect targeting** at population scale.
Strategic Business Impact	• **Minimized** wasted outreach effort for the Sales team by **nearly 64%** while sustaining **79.8%** PEP conversion capture on real-time Opportunity data, positioning the ML approach to Empower's **62,000 Core Market Advisors** serving Retirement Plans with **Plan Assets under $150M**, prioritizing **high-potential plans** and advancing **productionization** for **daily Sales** use.

Academic Record

PGDM - Big Data Analytics	2025 – 27	Goa Institute of Management, Goa	**5.78 CGPA** (Out of 8)
B.Tech (Computer Science and Engineering)	2019 – 23	Guru Tegh Bahadur Institute of Technology	**92.70% (Dean's Merit List)**
HSC - Science	2017 – 19	Mamta Modern Senior Secondary School (CBSE)	**91.17% (Top 10 in School)**
SSC - General	2016 – 17	Mamta Modern Senior Secondary School (CBSE)	**8.8 CGPA** (Out of 10)

Academic Achievements & Certifications

- Won **1st Prize** for pitching **HoloCarte product** at PitchTank 5.0, **National Level Business Idea Pitching Competition**, organized by **E-Cell**, GIM, 2026
- Secured **Top 5 position** at **Bitathon**, a National-Level **Data Science & Analytics Hackathon**, organized by **SAS**, competing against **150+ teams**, 2026
- Completed **Industry Live Project** with **KPMG** on **Behavioural Insights Engine**, applying **NLP-based Sentiment Analysis** & **Topic Modeling**, 2026
- Certified in **Corporate Finance & FP&A** by InsideIIM, gaining expertise in **Budgeting & Forecasting**, Variance Analysis & Financial Planning, 2026
- Certified in **Lean Six Sigma Green Belt** by **Grant Thornton Bharat** after fulfilling all program requirements and demonstrating proficiency, 2025
- Awarded **INR 5 lakh Academic Competence and Excellence Scholarship** by Goa Institute of Management for merit in Achiever's Round, 2025
- Completed 2-month **Financial Markets & Investment Banking** Experience Program by Finlatics, gaining exposure to **Financial Modeling**, 2025
- Certified in 3-month **Business Consultancy Cohort** by **Metvy Net Pvt. Ltd.**, gaining expertise in **Case Structuring, Strategy & Market Sizing**, 2024
- Completed **Advanced Entrepreneurship cum Skill Development Programme** (E-SDP) at IIT Kanpur Outreach Center, 2023
- Won **2nd Runner-up Prize worth INR 1 lakh** in **Smart India Hackathon**, organized by the **Ministry of Education** & **AICTE**, National Finalists, 2022

Live/ Academic Projects

End-to-End Bank Customer Churn Prediction	• Developed an **ML pipeline** to predict churn for **10,000+ European bank customers**, addressing retention challenges. • Engineered and balanced data using **EDA**, **Feature Transformation**, **SMOTE**, and **RFECV** for optimal feature selection. • Achieved **92% accuracy** and **76% recall** with **LightGBM**, identifying **Credit Score**, **Banking Products** as key churn drivers.
Tandarust (Smart India Hackathon - Winning Project)	• Developed an **Android fitness app** recommending gym, yoga, and cardio plans tailored to user lifestyle and schedule. • Performed **EDA** on **12,000+ exercises** and used a **Random Forest model** achieving **97.4% accuracy** for recommendations. • Integrated **3D exercise models** (Blender) and **hands-free voice guidance** using Google Cloud Text-to-Speech API. • Built a **community dashboard** and **voice-controlled navigation** (Alan AI) for a seamless interactive workout experience.
